

HORIZON BOISERIE

Serie 365 Elle Studio

The Horizon system consists of multiple integrated elements: modular panels available in various sizes to ensure maximum customization. The height of the equipped wall paneling is fully adjustable to suit specific requirements; if necessary, the top panel can be custom-made to achieve the desired overall height. The panels are available in the following widths: 50, 100, 150, 185 and 250 cm, and in two heights: 44,2 cm and 88,4 cm. Panels can be finished in lacquer colors from the collection, upholstered in P.3 Tecsuede or veneered in the following glossy or matt wood finishes: Erable, Eucalyptus, Ebony, Medium Canaletto Walnut, Sycamore Frisé, Brown Palissandro and Liquorice-stained Ash (matt finish only). The shelves, available in widths of 50, 100, 150, 185 and 250 cm, feature a Champagne or Bronze painted finish and can be supplied with or without integrated LED lighting. Optional LED lighting can also be installed along the entire perimeter of the wall system. A cabinet is available in two lengths, 180 cm or 272 cm, featuring clean, understated shapes and rounded side panels, suspended directly from the system. The cabinet can be finished in lacquer colors from the collection, upholstered in P.3 Tecsuede, covered in leather from the collection, or veneered in the following glossy or matt wood finishes: Erable, Eucalyptus, Ebony, Medium Canaletto Walnut, Sycamore Frisé, Brown Palissandro and Liquorice-stained Ash (matt finish only). The top is available in bronze or smoked mirror, or in the following marble finishes: Travertine, Verde Lepanto, Cipollino, Arabescato Orobico, Bianco Carrara, Dover White, Rosso Levanto, Emperador Dark, Agatha Black, Frappuccino, Calacatta, Patagonia and Taj Mahal. Optional LED lighting is also available beneath the cabinet.
