

LILY

U 175 Giuseppe Iasparra

Chair offered in two versions: low backrest and wing-backed. The internal metal structure is cold-moulded in foam. The seat cushion is in double density polyurethane foam covered in polyester fibre bonded with non-woven fabric. The base is in curved tubular metal assembled with a laser cut metal plate with the following finishes: Satin nickel, bright shaded brown, Black Rose gold, bright light gold, matt Champagne gold, bright chrome, bright black chrome, matt satin bronze, bright pink gold, matt pink gold. The upholstery CANNOT be removed from the structure, but the cushion covers in leather or fabric are removable.
